

## Affordable office wireless for desk phone and PC.

The VXi V200 Office Wireless Headset System addresses two realities of today's workplace. One, you don't always work at your desk. Two, you don't talk only on your desk phone. Built on DECT™ technology, the V200 gives you up to 350 feet of productivity-boosting wireless freedom. The versatile V200 also lets you use a single headset to take calls on your desk phone and PC. You get a choice of three wearing styles, too. And, when you add the VEHS Electronic Hook Switch, you can answer and end calls, even when you're away from your desk.

### Benefits

- Connect to both your desk phone and your PC.
- Enjoy up to 350 feet of great-sounding wireless freedom.
- Talk all day on a single charge (10+ hours).
- Be heard clearly with the industry's best noise canceling—guaranteed.
- Stream audio from your PC.
- Choose your wearing style: headband, ear hook or neckband.
- Answer and end calls remotely (with optional Electronic Hook Switch).

The VXi V200. Walk while you talk on your desk phone or PC, wherever your work takes you.

**One-touch headset controls**  
(volume, mute, answer/end).

**Advanced noise-canceling microphone** blocks background noise.

**Optional electronic hook switch** installs discreetly under the base unit.

**On-the-ear**

**Over-the-head**

**Behind-the-neck**

## Product Highlights
